#### AN ATMOSPHERE OF LOVE AND SUPPORT

At VVA, we believe it is a privilege for us to serve your children. We desire to create an atmosphere of love and support in which your children's God-given abilities can be discovered and enhanced and in which the skills of academic discovery and exploration can be built.

We want to spark within your children a life-long love for learning that will equip them to fulfill their purpose in God's world.

## AN AMERICAN INTERNATIONAL SCHOOL IN MUSANZE!

VVA is an international day school based upon American standards. We offer classes for students from pre-school through secondary (12th grade) taught by American teachers with the goal of preparing our students for entry into USA universities.

At VVA we offer:

- Small class sizes allowing us to offer an individualized educational experience for each student.
- Native English-speaking American teachers.
- The opportunity to earn a fully-accredited US High School diploma through our partner, Keystone National High School, an on-line school based in Pennsylvania, USA.
- Access to Advance Placement (AP) High School courses which, upon successful completion, can lead to university credit in the USA.
- Preparation for the standardized tests used for entry into US universities.

### MISSION, VISION AND PHILOSOPHY

**VVA Mission:** Preparing students to excel academically, serve their communities, and grow in the image and character of Christ.

**VVA Core Values:** Excellence – Service – Character

**VVA Vision:** to become the premiere international school in northern Rwanda, laying an academic foundation for students to succeed in university studies, preparing students for service in their

communities, and facilitating students' spiritual growth and character development.

**VVA Philosophy:** We are a Christian international school that exists to glorify God by contributing to the academic and spiritual development of children in our community. It is our desire to contribute to the growth and development of Musanze District by providing opportunities for both Rwandan and Expat students to access world-class American-based education without having to leave their community to attend boarding schools in Kigali or outside of Rwanda. We also hope that our school will make it more attractive for investors and others who wish to contribute to the development of Rwanda to relocate to Musanze.

Our core values of excellence, service, and character development mean that we will work towards the holistic development of our students, preparing them not only for academic success but also to be active participants in the physical and spiritual development of Rwanda and the World.

*VVA Teachers and Administration*

VVA SERVES THIS COMMUNITY  
PROVIDING AN EDUCATION THAT:

- *Is excellent*
- *Is distinctly Christian*
- *Uses English medium and is American based*
- *Is international in perspective*
- *Prepares for success*
- *Models integrity*
- *Leads to faith in action*
